Sian - 1 step, it is correct. 1500 steps, it is an oversight.

Mike - thoughts on this?

Subject: ECN Instructions

Hi Bill,

ECN 1163 instructs me to notify previous customers that we've updated the D350-591-311/-312 step so that it installs with rubber cushions on the clamp rather than with abrasion strip on the crosstube. We've sold almost 1500 of these steps since they were created.

Is this correct or an oversight?

Sian Willems
